Your aid awards are available for review. If your Free Application for Federal Student Aid (FAFSA) has been received by the Penn State Office of Student Aid, then you have been considered for all types of aid awarded by our office, including University, state, and federal funding. This information will be updated if we are notified of any additional awards.

Financial aid awards are subject to revision based on federal, state and institutional regulations. Your estimated expenses and aid can change based on enrolled credits, receipt of other aid or financial aid application eligibility changes.

Tuition and fees are finalized by the Board of Trustees in July; billing begins in early August for fall semester and early January for spring semester.
